VIEWS

EVERYTHING POSSIBLE should be done by the people of New Mexico to convince President Roosevelt that the territory is entitled to statehood.

EL PASO PEOPLE have enjoyed a rather exciting election. The democratic city ticket won by a close majority. The opposition was led by Felix Martinez, who is a hard man to beat in any country.

NEWSPAPER MEN DISAGREE on some subjects and fight to a finish, but there is one proposition they all agree on, and that is: That the men they do the most for are, sooner or later, the very ones who will endeavor to shoot the harpoon into them the farthest.

THE SILVER CITY INDEPENDENT for April 14th gives an article regarding Senator W. H. Andrews which it will pay the people to read and remember. If the people of our territory are not alive to the occasion, this may prove "the writing on the wall" that foretells the coming of political Medes and Persians into our midst to despoil our beautiful territory for personal gain.

THE BOSTON JOURNAL has a good word for jurors: They are snatched away from their homes and their business. They have to listen day after day, in badly ventilated court rooms, to turgid oratory and microscopic niceties of evidence; they are locked up under uncomfortable conditions to wrestle over their verdict; and finally, when they are done society dismisses them with a pitance for their pay and without a word of thanks.

IN WRITING ABOUT the bill enabling Luna county to issue bonds for building a court house and jail, Delegate Rodey says the reason it was defeated is because the leading senators were opposed to allowing territories to increase their bonded indebtedness until they become states. That is all right as far as it goes, but they or others, are opposed to our becoming a state; so it looks as if we were going to have very little at the hands of the government at present.

THE BAPTIST PEOPLE of this city hold a gospel service in the I. O. O. F. hall, Allison block, whenever their district missionary, Rev. Myron F. Fifield can arrange to be with them. At their last service, held Tuesday evening the 14th a large congregation was present and an excellent service was held. The Easter sermon by Mr. Fifield was a good one and the address by Rev. N. B. Bairden D. D., district superintendent for the lower Mississippi division for the American Baptist Home Mission society, of New York City, upon "The Resurrection" was an able effort. Rev. Geo. E. Brewer, of Albuquerque, the Baptist general missionary for New Mexico and Arizona, was also present and rendered a number of favorite gospel solos, making the service especially complete and of great interest to the audience, which was a representative one. Mr. Bairden's district comprises ten states and territories, and he is an authority on church extension work. This was his first visit to Deming, but we trust it will not be his last. Mr. Fifield tells us that Mr. Bairden was very favorably impressed with the possibilities for Deming.

THIS SPRING DEMING is entering on the most important period of her existence; her growth will be greater during the next twelve months than ever before in the same length of time, and the expansion of her business interests, owing to the railroad building, mining development, the construction of the national sanitarium and other big institutions will be immense. In view of this we feel that it is of the greatest importance that our natural resources and the advantages offered by our county to people wishing to locate in the west should be thoroughly advertised. For this reason we have determined to get up a series of illustrated articles giving the history of the county and a description of the mining, stock raising, commercial industries of the county. These articles will be a regular feature of the paper for two or more months and will be a large expense to us, part of which we hope to overcome by charging a nominal sum for the space taken in writing up the business firms. This sum is by no means equal to the advantage they will receive from the advertising, as hundreds of these papers will go east and the public spirit and enterprise of our citizens will be exhibited in the advertising columns of these papers. Finally let us say that we expect to reap our reward from the increased growth and improvement of our community resulting from this special feature.

A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated in the lungs, causing pneumonia is that of Mrs. Gertrude M. Penner, Marian, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 145 to 95 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." J. P. Byron & Son.

What's In a Name.

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt's & Co., of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's salve has no equal. This is given rise to numerous worthless counterfeits. Ask for DeWitt's the genuine. J. P. Byron & Son.

The Stomach is the Man.

A weak stomach weakens the man because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia cure cleanses, purifies, sweetens and strengthens the membranes of the stomach and cures indigestion, dyspepsia and all stomach troubles. J. P. Byron & Son.

Woman's Duties.

A woman who keeps her house in order and has the care of a family, has just as much responsibility as the man who provides the means to carry on the housekeeping. She is deserving of the more credit since the demand of her strength is greater. The everlasting sameness about her duties, and the confinement necessary to carry them out is very trying to the nervous system, this produces a strain on the mind that makes irritable, cross and dissatisfied, which is just as much a disease as rheumatism or catarrh. If the nerves can be built up and made strong by medicine of some kind, this feeling is changed to one of cheerfulness and pleasure in her duties. The medicine that makes strong healthy nerves, and prevents disease by building up the entire system is Dr. Gunn's Blood and Nerve Tonic, a tablet to take at meal time. Cures nervous prostration by making rich red blood, feeding the nerves and making solid flesh at the rate of one to three pounds per week. The medicine is sold by drug-gists for 75c per box, or 3 boxes for \$2, or sent by mail post paid upon receipt of price. Write us about your case. Address Dr. Coe's Med. Co., Hhilada, Pa.
